I am asking Isaiah to draft some of these Republican Senators and Congressmen for the Knicks because watching the Sunday news programs I have never seen such footwork in my life as they dodge and weave trying not to answer the Domestic spying questions and the Troop withdrawel questions and the overseas junkett questions. They are regular NBA stars.The best is how after they cut 12.7 billion dollars from the student loan program can they produce the funding for the new technology initiative. And the bobbing over trying to re-define what domestic wire-taps are.Man this is great.
