Uh, yea he is poor, he works for me . We're all poor together. Poor is relative however. I do have basic health insurance available, which we match, and you're eligible immediately. (No 2 yr wait) Compared to many folks, we're doing all right. I just find the attitude egregious. I bust a nut to do what's right by my employees, and don't understand the folks who don't. Probably why I'll never be rich. If they're so damn important to WalMart's success, then treat them accordingly.
