Our local county newspaper has published some facts concerning illegals.There are over 400k of them here. They have 1800 illegals in jail at an annual cost to the county of 2.8 million dollars.They estimate over 5.5 million dollars per year in emergency room/EMT/and other medicall costs that are considered non-collectable by the county due to illegals inability to be forced to pay for their health care.They estimate 3 millionj dollar costs for illegals using the schools for their children while paying no taxes.The Laugher. Here it is, they are planning to boycott all jobs on May 1st. To show us how much we are dependant on them. AHHH HA HA HA! AHHH HAA HAAA HA! What a joke. Please; please boycott us I beg you all. Go ahead cut your own throats when we see how much we don't need you! Gee; I might have to mow my own lawn. Oh God please save me.Oh and by the way; can you boycott the schools so our kids can go back to 24 children in a class instead of 30.Can you boycott the Hospitals so Doctors can attend to the genuinelly sick and injured instead of treating you for a cold because you don't have a physician.Can you boycott the roads so those hoop-di hondas aren't sitting on the side of the road.Can you boycott all the building trades so our sons can get jobs as laborers to help with college or out-of work or the laid off Americans can get work to feed their families.Can you boycott the crime industry so we taxpayers can see a serious tax cut when we don't have to incarcerate you.
