I've watched a show about the armored car business.They showed how their made and who their biggest customers were.Yep Mexico.The crime down there is rampent. The police corrupt.It's like the criminals run that place.Then they go up to places like Farmingville, live 40 in a house.Lear at the women and make rude comments.Jump in front of unsuspecting drivers to make a buck.Yes my son knows a few people that had that experence.The take American jobs and drive up taxs.Send them all home.Even though not all of them are bad people, many good workers,this is not there homeland. Let them go fix their own.Oops too many criminals.
