I'll tell you what I think sucks. Look around you to see how many have given up their freedoms. Seat Belt laws, helmut laws, no smoking even outdoors in many places, can't talk about God in schools and government buldings. We've allowed big brother to have thought police everywhere. Tax outrageous sums and give us "services" that no one needs. What happened to the "land of the free and the brave"? I, for one, do not want a paternal government. America should streamline A LOT, that's what I think.
