I don't like any government intrusion. I think a man should be judged by his actions, not by what some analysts think he might do. I've made my opinion very clear; It's not a single issue thing with me.I've also said that I don't like to talk politics on a public messageboard, so I would appreciate it if you would stop trying to draw me in. If you want to talk audio, fine. But I don't like talking politics or religion here.
