The objection to your posts isn't because of values or ideals, it is because of the way you put things. You've pushed and pushed and pushed, and people take offense to that. I know I do. And you don't even realize that you've been argumentative and a bit insulting. That's what gets tempers flared.I call you my friend, and I do see you as an exceptional person. But I think this is a blind spot for you. People don't like being spoken to this way.
