I'll check her out for sure. Thanks for the tip. I played a few songs from Jewel and some from Diana Krall. I also brought a few other female vocalists, but I don't think any of them were played. Akhilesh brought someone, and I've been meaning to ask but keep forgetting. And Barry played a CD he brought, but I wasn't in the room during that time, so sadly I missed it. I went out and got a couple of party trays of sandwiches, and I think that's when it was.
