My God, that was insulting. I used to get E-mails from regulars and sponsors saying they felt the Dungeon was a one man soap box and they didn't appreciate it. Now, most just look the other way. I wish you would stop being a political voice here because it isn't pleasant for those that don't agree with you. That's at least half the people on the planet. You're not going to be able to convince everyone to become an atheist democrat. I don't like these political discussions because they become so insulting. It isn't my job to convert others to my religion or my philosophies. I don't like it when others make it their crusade either. It's arrogant, insulting and annoying.
