John, you aren't in battle. That's the problem here, and why there's a disconnect. For you to even choose those words shows how aggressive you are on the Dungeon. For the rest of us, this isn't a "battle", it's a discussion among friends. For you, it appears to be a battle. You are attacking your friends, John. You are trying to pick fights. And you are insulting people here in order to draw them into your fight.Address the issues? That's the issue. People don't like being badgered and insulted and when you do that, the possible responses are either to ignore you or attack back.
