Well, most of the elected officials are farmer/ranchers to begin with, so that pretty much explains that. The thing now is hunting outfitters as well as ag. The outfitters are courting the politicians quite hard and have several in hand. Why get minimal payment from the gov't for that CRP ground when you can lease it to an outfitter for $10/acre. And there is an issue with deer tags that I won't even get into. Let's just say that it's all tied together.
