I acknowledge the spelled out part - hence the reference to the PNAC. It's the means of execution that's at the heart of my thesis.Whoever comes next is just screwed, unless there's a genius with the moral character of a saint in the wings, and I haven't seen him/her.It's like David Lee Roth following Howard Stern - it's preordained the next one in office will crash and burn. Probably aggravate the abuse of power too, trying to hang on.
