You mean that the Swartzenegger as Mr Freeze and Uma Thurman cat calls have been replaced with some serious Caped Crusader adventuredthat don't make one cringe?That's good news. I enjoyed the first one and even second (I think) but the cutesyattempt to mimic the old tv serie in subsequent films embarrassed me even for the few lines I heard in the vid store.Apparently the Batman franchise cannot be harmed by a fewreally bad pics. The cartoon as film continues to live long andprosper.It is said (and I rewad this after I saw the film) that The Punisheris one cartoon to film movie that retains the feel of the originaland uses virtually no special effects-- it's all story. It's a rough show but then again so is the modern genre of comic book anti-heroes.
