I have a very nice Peavey 5150 combo guitar amp that has been retubed with JJ tubes (which were the tubes of choice for the combo on the Peavey amp forum) that have about 20 hours on them. I would rate this amp a 9 out of 10.

I'm asking \$600 for the amp and am firm on this price (cash only). If anyone is interested I will bring the amp to LSAF at Dallas in several weeks. I will not ship, don't ask. I will not come down on the price, don't ask. Please only respond if you're serious.
