As always I walked away with a list of music I need to add to my collection.

Here's a short list:

Susan Tedeschi - Just Won't Burn
Muddy Waters - Folk Singer
Louis Armstrong - Satchmo Plays King Oliver
Allison Kraus - Forget About It
Lou Reed - Lou Reed in the 70's
Grayson Capps - Songbones (been on my list for two years now)
Vivaldi - Concerti per vari strumenti
Melody Gardot - Worrisome Heart
