Subject: Q for AudioFred Posted by <u>SteveBrown</u> on Tue, 23 Jun 2009 15:47:21 GMT View Forum Message <> Reply to Message

Fred, great room at LSAF & enjoyed your post about recent projects. That TRT looks like a great project, though I'm sure effiency isn't the best. At any rate, as a respected speaker guy, I've got a question for you - seems like your projects are all box speakers and not any open baffle stuff. Have you tried OB and not liked it?
