need help .
My array has 8 GR M165x and 8 Fountek Neo CD2
I'm using Behringer DCX 2496 @80hz 24db LR for subs and 2000hz 24db LR Mid and 2000 hz 24db LR High .
I'm getting an annoying shout in voices specially male voices and less in female I tried to EQ -6db @ 250 to 500 hz but without much effect , could somebody help.
JP
