Subject: Re: What about Oval shaped drivers (like 4"x6") for arrays? Posted by Marlboro on Sun, 13 Sep 2009 23:33:41 GMT View Forum Message <> Reply to Message

Why do you need a cheap line array when you ahve all those giant 10 or 12 inch woofers? And with all of it you are really missing on the tweeter end.

Looks to me like you have too much sound in their already.
