Scanning newly-released DVDs, I came across a 1965 movie by Sam Peckinpah called "Major Dundee", a western set during the Civil War. I've never heard of it but I'm intrigued -- "The Wild Bunch" is one of my all-time favorites, as is "The Good, The Bad and The Ugly", another Civil-War era western. Has anyone seen it? Any thoughts? The Metacritic page on the movie is linked below.
