Here is the rush transcript of the Dyson speech. [Below]I'm recording it as an mp3 if you want me to sendit to you, I can make an attachment.I don't know much about podcasting and I'm still pretty vagueon bittorents too, but that is the best way to playbackone of these broadcasts.Send me a mail and I'll forward the audio. It's waybetter than the transcript.

Rush transcript of Dyson Speech
