ok.Well, I think the file is too big for most mail anyways-- 23mbfor a speech nearly a half hour long.When he catches up with this and wants a cd mailed,I can do that, but it's easier to do it direct ifpossible. It wouldn't save to 'sent mail' either.I'm glad I made a file of it anyway. It will, I hopeget a bit of circulation in one of the curch communitieshere.
