Subject: HD Personal Videos Posted by Lancelot on Wed, 31 Mar 2010 02:09:53 GMT View Forum Message <> Reply to Message

How should I make the size of the HD video become small? What kind of file format should I convert my raw video so that the size won't be too big?

I captured a wedding of my brother and the whole video won't fit into a 4GB DVD because the video has about 6GB.
