I'm thankful for such blessing at least there's no need for me to spend \$5,500 bucks. Ever since, I never questioned the quality of Sony products. Based on my previous experience, Sony products are durable, sophisticated and best in quality.

That's awesome that you won a \$5,500 TV, djessa!! You must have been blown away when you found out! What was the raffle for? I have had good experiences with Sony as well. They're a brand that I never really question.
