Subject: Re: Earbud or earpad Posted by djessa on Sat, 29 May 2010 05:16:30 GMT View Forum Message <> Reply to Message

Because of the size, earbud is more convenient to use than earpad.

It's dangerous to our ears if you'll expose yourself to loud volumes. Earpad is bigger in size that's why I hate using it. Speaking of the sounds, earbud is better. It produces clear and not noisy sound.
