The specs say 30 hours for music or 6 hrs video. I have never run it all the way down from a full charge, so I really don't know. What I will say is that the battery life is excellent. Obviously it depends on how much you use it, but I've gone a few days without charging it.

I don't use Facebook on my ipod touch but there is a free ap on itunes. I don't know how well it works though. I use the wifi on my ipod, so the internet is free.
