Subject: Woofers warped Posted by Jacks on Thu, 04 Nov 2010 12:06:18 GMT View Forum Message <> Reply to Message

My old Panasonic sound system, complete with turntable, has come out of storage again.

I've a few issues to address, and the first one is that the woofers on my speakers have misshapen during the time they were in storage, and I can hear the distortion that results.

What I don't know is how to address the problem... but I'd sure like some input, pun intended.
