Subject: Re: HD TV - Plasma or LCD? Posted by XGamer on Wed, 24 Nov 2010 02:00:13 GMT View Forum Message <> Reply to Message

LCD's are getting better and have a reputation for lasting longer. If you plan to do any gaming on a plasma, it can cause discoloration over time. I tend to think cartoons do this as well, because a certain family I know with a plasma TV and a 4-year old are disappointed to find discolorations on their flatscreen now, just a couple years after getting it.
