jane66 wrote on Mon, 29 November 2010 08:57I just bought this system for my iPod and have tried it out. So far, I have no complaints with it at all. It's easy to setup and use and the sound quality is very good.

I agree completely. Nobody is going to confuse this with a four Pi speaker driven by a 300B SET amp, but it's a great stocking stuffer for my son to have on his desk at work.
