Wayne,

Thanks for the phenomenally quick reply. As far as the upgrade choices go, is it an all or nothing thing? Should you only upgrade the tweeter if you're going with the upgraded mid-woofer? Should you always upgrade the crossovers if going with the premium drivers?

I believe I'd like to build the 4pi if you could send me those plans.

quick edit: What do you think of electronic crossovers?

Again, my thanks to you!
