Old Timer wrote on Sat, 07 August 2010 11:59 Sometimes I think Oprah is like the innocent looking child who is sweetly stirring the pot! I'm not convinced the PhD doctor vs MD doctor issue is deceptive. It could well make him qualified in the topic he is writing about.

No psychologist has any business writing a diet book and slapping "doctor" under the title.

Dr. Phil doesn't even have a liscense to practice psychology anymore.
