We don't offer any single driver loudspeaker kits, so I'm not sure if this will help. But if you're looking for monitors that offer uniform directivity, I can help.

incorporate a compression tweeter and crossover network, kits also include the crossover, Zobel woofer damper, and all cable assemblies are completed and ready to install. Every kit containing a compression driver also includes the horn flare and the bolts to mount the driver to the horn.

From the looks of your room, the end result would be something like this:
