This was originally a book. The book is mediocre at best.

HOWEVER, after the success of the movie, there were two sequels released based on the movie's version of the characters ather than the original book. I've read the second one and it works. Highly recommended.

Ignore the first book and get the movie and the sequel books.

I'm just surprised at how people that loved the movie are not willing to read the sequel, even though planned, it seems the script isn't going to happen anytime soon.
