I am very interested in auditioning Wayne's speakers and I was wondering if anyone in the Southern California area would be amenable to have me come over to listen to their speakers. Although I am interested in the two Pi speaker specifically, I assume that there is a "house" sound to the speaker line so I would listen to any of his offerings. One of my favorite speakers is the Audio Note AN-E (but it's pricey) and I have hopes that Wayne's speakers have some of the AN-E's speaker's magic.

Best,

Gregg
