Subject: Suddenly liking music you hated....

Ok - so I have a new set of friends who are introducing me to some very heavy metal. I never thought I'd like it, but the more I hear it, and the more partying we do, the more I'm starting to like it.... I am still not too into the country they play, but I'll admit there are certain songs worth listening to. Have you ever found yourself liking music you never thought you would?
