Subject: Re: 2226j (16 ohm) usable? Posted by Wayne Parham on Mon, 28 Feb 2011 05:46:56 GMT View Forum Message <> Reply to Message

Yes, there was a JBL "tent sale" some years back where lots of people bought JBL 2226J woofers. They're good parts, and you can use them. But they aren't drop-in replacements and the design hasn't been tested with them. Most times, people just scaled the low-pass values and let it go at that.
