Subject: Re: Living the Dream - I have a jukebox! Posted by GoodVibrations on Thu, 17 Mar 2011 02:18:26 GMT View Forum Message <> Reply to Message

Congrats Bengee, that is pretty cool. You guys may not be old enough but does anyone remember the table-top boxes that were at booth tables in cafes? They were like mini-jukeboxes and you could choose from several songs to play at your own table. And that's the way it was before MP3s.
