Now that we're through the show, back home and rested, how did it go for you? How was your traffic? Did you hear any new music? If you came to check out gear, what were your impressions?

I had non-stop traffic on Saturday. From the time I opened the door until I finally closed up around 8:00pm, the room was packed. Most of the time I was playing BluRay videos, and people often stayed for several songs.

Some people asked to play their own music. One guy that sometimes brings in some pretty weird stuff asked to play his disk. Of course, I did, but winced as it loaded up. Turned out, it was one of the best new disks of the show for me. That's one of the things I love about the show - I discover a handful of new performers I like. Two I discovered this year were Zachary Breaux and Madeline Peyroux.
