Hi, We had a lot of traffic as well. Always someone there. Right up to about midnight (I hit the sack at 10, Rodney and others played the KT120s until midnight or so) I was glad the rooms were virtually soundproof. Rodney got a cold as well. We escaped...but there was horrible wind on the way home over 50 mph for the last two legs of the trip (Big Spring to Las Cruces and from there to Arizona). All in all a good event. I strongly suspect we will be there next year.
