Hello!

I wonder do you still give away speaker plans for 7 Pi?

If you do, I'll be grateful for e-mail!

Now the questions:

-My room is square 13,15 x 13,15 feet, and 8,2 feet high - all hard bricks and concrete with two full hard bricks corners available.

Not much furniture - just a couch, hifi rack and wall shelves.

Is that enough room for 7's?

-does plans include crossover schematic and tweeter horn plans for diy modeling? I live in Croatia/Europe, and shipping + taxes are incredible, so if I ever will have Pi speaker that must be a clone.

Thank's for answers in advance!

Mladen
