PL premium. It will expand and help fill any gaps.

[http://www.loctiteproducts.com/p/12/34/pl\\_ca\\_prem/overview/Loctite-PL-Premium-Polyurethane-Construction-Adhesive.htm](http://www.loctiteproducts.com/p/12/34/pl_ca_prem/overview/Loctite-PL-Premium-Polyurethane-Construction-Adhesive.htm)

It needs to be the premium as stated above the others are meant to remain rubbery so they flex with the materials they are bonded to.
