My 2 favourite actors are Daniel Day Lewis and Leonardo DiCaprio.

I think Daniel Day Lewis gives more to his roles than any other actor, his performances in My left foot, Gangs of New York and there will be blood were perfectly executed.

My other favourite actor, DiCaprio, has been in many of my favourite films so he must be doing something right! I love The Departed, Gangs of New York, Blood Diamond, Catch me If You Can and Inception. As well as other Classics such as Titanic.
