Subject: Re: How Hard Is It? Posted by Bob Brines on Fri, 22 Jul 2011 20:10:19 GMT View Forum Message <> Reply to Message

Depends on

- 1. Your personal interests
- 2. Your skill level
- 3. Your frustration tolerance level.

I personally will build speakers all day, do cross-overs when I have to, might consider wiring a tube amp, won't even consider a SS amp, particularly if surface mount components are involved.

Bob
