Well; I had an hour yesterday so I sat on the deck in the sun and picked up the book; The Code. There has been so much debate over Dan Browns novel ever since it was published, in 2003, forget about the marriage of Christ , no question about this story has been more contentious than this: if a person of sound mind begins reading the book at 10:00 in the morning; at what time will he or she come to the realisation that this book is total crap? Absolute junk. In my case about 10:06. This guy couldn't write a laundry list. " Renowned curator Jaques Saunier' staggered through the vaulted archway of the museums Grand Gallery." Sounds like the Hardy Boys.
