Subject: Re: 8 Pi Crossover questions Posted by jhovis on Sun, 18 Dec 2011 00:01:30 GMT View Forum Message <> Reply to Message

so the 8Pi now has a crossover? I bought a kit 5-6 yrs ago and it has been in my basement. It only came with the drivers and a horn and maybe a capacitor. I was thinking about putting it together, but I know I don't have crossover parts.
