Subject: Re: Do your pets like music? Posted by j0ann3 on Tue, 03 Jan 2012 22:39:10 GMT View Forum Message <> Reply to Message

Last month my parents were working on a performance for their bowling club and our cats just gathered around the speakers and just stood there like they were listening to the music... take note that the music was bass heavy and pretty fast beat and amazingly it didn't scare them away xx
