6.) If there's a woman in the movie, she will be scantily-clad at least once if not more.

6.1 There is a 50% chance that scantily-clad female will die while or after intercourse (most likely with the jock in the group)

Oh! Also, colored people die first. Always.

I had a friend who would drag me to horror movies all the time or force me to watch them at home. I was completely against it because not only do I dislike gore in any form, there are never any fresh ideas anymore. You always expect what's going to happen!
