gofar99 wrote on Sat, 07 January 2012 19:35Hi, In both my former and present room, I used acoustic absorbent treatments. I agree with Wayne on this. Even though I like the sound stage full of reflections I get from my ESLs, I find reflections off the ceiling distracting. I also do the floors and the distant end of the room.

Are you talking about ceiling tiles that are sound absorbent. Like the white tiles with holes that you see in commercial buildings?
