I see, spacers for the flanges on the grill clamps?
These?

<http://www.parts-express.com/pe/pshowdetl.cfm?AID=10500969&PID=1941119&Partnumber=260-352&scqty=1>

or maybe these:

<http://www.parts-express.com/pe/pshowdetl.cfm?AID=10500969&PID=1941119&Partnumber=260-340&scqty=1>

To raise them high enough to work ... I think I get it. The cut sheet I downloaded from Eminence shows a thick gasket on top of the woofer frame. But I can't see if there's also one below. Anyway, I will know in a few days.
