Subject: Re: Fiber Optic or RCA Cable - Which do you prefer? Posted by rogerking on Wed, 11 Apr 2012 20:44:25 GMT View Forum Message <> Reply to Message

I wish we could use fiber here. Most of the locals opt for CC due to the cost and the location we are in (redneck land with bad tech service). The other thing is that most people I know run their own CC so its not a big hassle (besides cost).
