Hi Everyone, It looks like this will be a great fest. Last year was our first and we enjoyed it a lot. This year seems to be even bigger with lots of good things to see and hear. We will have the full line of products from the 1 watt / channel Alpha to a pair of the KT120 mono blocks. We will have several of the line stage preamps and a pair of the phono preamps. Everything is as before all valves in the active circuitry. Main source will be vinyl with CD and Blue Ray for backup. I expect to roll in Thursday PM so look me up if you get a chance. The gear will not be set up until Friday though.
